authorizing the installation and operation of a 2.2 MW solar)
electric generation facility located at Dubois Drive, South)
Burlington, Vermont

Order entered: 11/2/2010

ORDER RE COMPLIANCE FILINGS

On September 15, 2010, the Public Service Board ("Board") granted a Certificate of Public Good ("CPG"), pursuant to 30 V.S.A. § 248, to Chittenden County Solar Partners, LLC ("CCSP"), authorizing the installation and operation of a 2.2 MW solar electric generation facility in South Burlington, Vermont. The CPG included several conditions that CCSP must meet.

On September 17, 2010, CCSP filed a system impact study ("SIS") and represented that the Department of Public Service had reviewed the study and recommended that the Board approve the SIS. On September 30, 2010, the Clerk of the Board issued a memorandum noting that the SIS appeared to be incomplete and requested that CCSP file a final copy of the study.

On October 18, 2010, CCSP filed a corrected version of the SIS.

On October 18, 2010, CCSP also filed a Planting and Vegetation Maintenance Plan ("Plan"), as required by the CPG. CCSP represented that the Agency of Natural Resources had reviewed and concurred with the Plan.

The Board has reviewed the filings, and approves the SIS and the Plan.

SO ORDERED.

DATED at Montpelier, Vermont, this 2nd day of November, 2010.
